

Parental Bill of Rights

Congressional Candidate, Nate Cain, Introduces Groundbreaking Parental Rights Bill to The West Virginia Legislature to Empower West Virginia Families

I couldn't wait a minute longer

I felt led to take action on this important issue NOW rather than after the election. So, we assembled a diverse team and jumped right in and started work.

Our dedicated team worked tirelessly to craft this bill because we recognized the importance of protecting our children's future. This legislation represents a resolute commitment to family values and parental autonomy. Concerned parents played a significant role in bringing the issues this bill covers to the forefront. During my

discussions with West Virginians, it became apparent to me that the issue of parental rights was on everyone's mind.

Where we are

The bill has been submitted to Delegate Scot Heckert for legislative formatting by his bill writer and is currently being socialized with many representatives in the House and the Senate expressing support.

We urged Governor Jim Justice to add this bill to a Special Session prior to school starting but were unsuccessful in getting him to move on it. However, we did lobby the West Virginia legislature during their interim session to get their support. We believe we have the votes in the house and there are four senators that have offered to be lead sponsor.

We need your help

Please contact your State Representative and Senator and urge them to support the Parental Bill of Rights submitted by Nate Cain and his campaign.

Pray for this endeavor.

In a Nutshell

Here are issues this bill addresses:

- Protecting Parental Decision-Making Rights --
- Upholding Educational Rights

- Ensuring Privacy and Safety

IN THIS ISSUE

Parental Bill of Rights

At the West Virginia special legislative session, our team comprised of parents and concerned citizens presented the Parental Rights Bill.

On The Road

We've been really busy traveling all over the state. We've been to just about all the counties in the 2nd Congressional district

Finances

Thank you all for supporting our campaign, see where we're spending your money.

Upcoming Events

Here you'll find all the events we've planned for the month of September.

On the Road

We've (my lovely wife Melodee, son Barns, and daughter Grace) have spent a lot of time since I launched my campaign travelling the 2nd Congressional district of West Virginia. I have spoken to many people regarding the state of the United States and West Virginia. There is a consensus among everyone I've spoken to that the United States is in trouble. We seem to have been taken hostage by left wing activists who cater to the

minority rather than the majority. They are attempting to establish a voting base with illegals and the LGBTQ+ activist.

In addition to the counties we visited, we held a rally in Charleston for the Parental Bill of Rights.

Finances

First of all, we'd like to tell you how grateful we are for your support of our campaign. Your contributions will help us continue to fight for American Freedom, Security and Prosperity and ensure that America First values are represented in the US Congress. We realize that this money is not our money, it yours and we feel we should let you know how we're spending it –

- Printing -- Signs, Banners, Flyers, mass produced the Parents Bill of rights, Business Cards, Door hangers and Rack cards
- Travel – Hotels for visits to western counties (we have paid all transportation costs and meals out of our own pocket)
- Advertisements for events
- Cost to attend events, for example Reagan Dinners

We have not held a single fundraising event, but have managed to raise \$40k from West Virginians and concerned citizens out of state. However, we need your support to continue our fight. Whatever you can contribute will help, no amount is too small. Help to take back our country, to restore our freedoms, strengthen our national security, and bring lasting prosperity back to the American people. To donate click [here](#).
